

FADE IN:

ESTABLISHING SHOT - PAGALO CITY - DAY

Pagalo City, the capital of Pagalo, an island nation between China and Australia.

EXT. PAGALO CITY - PRESIDENTIAL PALACE - DAY

The Presidential Palace. A grand mansion in the Spanish colonial style.

GUARDS patrol the perimeter.

INT. PRESIDENTIAL PALACE - PRESIDENT'S OFFICE - DAY

ANIRA, 30s, President of Pagalo, gazes out the windows of her office.

She wears traditional Pagali clothing - loose, long and colorful.

Her expression says that no matter who you are, no matter which one of the billions of people on this planet, you're just a stupid piece of meat compared to her own radiance.

A knock on the door.

ANIRA

Come in.

COLONEL MONORO, 40s, head of the Anira's Intelligence Service, enters. He salutes.

MONORO

Madame President. She is here for your approval. I think you'll be pleased by the resemblance.

ANIRA

Bring her in.

Monoro brings in CHANI, also 30s. She looks like Anira, but poorly dressed.

Chani bows from the waist and stays that way, afraid to even look up.
